RE Link Canyon Substation As-built Drawing, Canyon Fuel Company, SUFCO Mine,
C/0041/002-AM00C

SUMMARY:

Proposed amendment to SUFCO Mine was received on September 27, 2000 by the Division of Oil, Gas and Mining in Salt Lake City.

The amendment that was submitted is an As-built drawing of the construction of the substation at Link Canyon. The As-built drawing is three hundredths of an acre larger than the original design drawing. The total disturbed area calculations have been updated to reflect the change.

The information found in the proposal is considered adequate to meet requirements of the Division.

TECHNICAL ANALYSIS:

OPERATION PLAN

SUPPORT FACILITIES AND UTILITY INSTALLATIONS

Regulatory Reference: 30 CFR Sec. 784.30, 817.180, 817.181; R645-301-526.

TECHNICAL MEMO

Analysis:

The permittee has submitted an As-built drawing of the sub-station located at Link Canyon. The disturbed area has increased three hundredths of an acre from the existing design.

The As-built also includes a P.E. certified Plate 5-2E a map which is showing a cross-section giving the cut and fill of the sub-station area.

Findings:

The requirements of this section of the regulations are considered adequate in regard to the proposed permit change.

RECOMMENDATION:

The information found in the proposal is considered adequate to meet requirements of the Division.
